

# 2022 SUMMER INSTITUTE

**BUFFALO, NY**  
**JULY 6-7, 2022**  
**8:00am - 3:30pm ET**

**Sustainable Schools:**  
presented by the  
**Children's Environmental  
Literacy Foundation**  
hosted at **Ken-Ton Schools**

This **2-day (14 hours)** in-person institute will introduce educators, administrators and school staff members to **Education for Sustainability** to connect curriculum, culture and community. Participants will enhance teaching practices and engage in transdisciplinary systems thinking through the lens of sustainability.

**PROFESSIONAL LEARNING FOR K-12 EDUCATORS,  
ADMINISTRATORS AND STAFF MEMBERS**

### Takeaways:

- Integrate the **Big Ideas of Sustainability** into existing lesson or activity
- Strategize on steps to achieve the **National Green Ribbon Award**
- Collaborate with **district stakeholders** to develop school action plans
- Field experience to the **Niagara River Greenway**
- Gain access to **CELf's EfS Resources**

*"I thoroughly enjoyed all the activities and new colleagues I met. The multiple perspectives were thought provoking. I have been energized and re-committed myself to make changes in my life first and then wherever my influence has power. It was important to be a team at this institute. One person cannot do it all."*
