Sign Up Today!

August 16th-17th  
Sarah Lawrence College Center for  
the Urban River at Beczak  
**Yonkers, NY**  
Accessible from the Yonkers Metro North Station  
**10:00 AM - 3:00 PM**

### BUILDING ENVIRONMENTAL LITERACY THROUGH INQUIRY AND CIVIC ACTION

During this two-day event, alongside the beautiful banks of the Hudson River, teachers of grades 5-12 will explore how our region is being impacted by climate change, and how CELF's Inquiry to Action framework can be applied to guide students in place- and project-based inquiry to investigate potential solutions for climate action and community resilience.

### Join our Civic Science Cohort to...

- Be eligible for field trip funding, a stipend, and up to 13 hours of CTLE credit
- Receive year-round support
  - This includes virtual sessions with teachers focusing on data analysis, mapping, and digital storytelling; one-on-one coaching support; digital curricular resources; and office hours.
- Present with your students to an authentic audience at one of CELF's Student Symposiums in Spring 2024
- Create opportunities for civic action in your community
