

2023 TEXAS SUMMER INSTITUTE

Leveraging Community Resources for Student Projects

Sustainability Training for K-12 Educators

This 3-day Summer Institute presents **Education for Sustainability (Efs)** as a lens for learning and explores community resources to enrich student experiences.

Educators will create Student Action Projects to address community concerns and will integrate sustainability concepts into teaching practices using CELF's Big Ideas of Sustainability framework.

Takeaways for Summer Institute participants

- Develop and/or redesign a **lesson or activity**
- Connect to a **community of educators** and stakeholders
- Engage your students in **civic science and action**
- **Credit** eligibility (12 CPE hrs. and 6 G/T hrs.)

FULL SCHOLARSHIPS, TUITION FREE
Funded by CELF supporters
