

GREEN CAREERS NY SPEAKER SERIES

CELf connects students with sustainability-focused professionals from a diverse range of fields to inspire higher education and career aspirations

Green Career Speakers...

- increase student engagement
- provide project & content guidance
- share their personal career journey
- connect with students to inspire the next generation of green industry talent!

CELf is working to add bilingual (Spanish/English) speakers. Ask about bilingual speaker opportunities for your classroom. Virtual & in-person speaking engagements available!

Our past speakers have included:
